UNLIMITED TRAINING SAVINGS PLAN MEMBERSHIP

SOLUTIONS:

Our program provides you the employer the ability to train your employees, with ease, cost effective, efficiently, and provides a pro-active approach to loss prevention. (This is due-diligence for you the employer). Our all encompassing approach allows you to integrate Health and Safety into your organization, without it being labor intensive.

Your membership includes: Unlimited Training – Training Savings Plan Courses

- 1) A Member Kit, with your provincial safety posters, to be posted in the workplace. Including forms, checklists, tools and resources.
- 2) A Policy Procedure Manual – with Safety Procedures, Employee Handbooks, Contractor/Sub-Contractor forms, policy, statements, accident reports, hazard reports, safe return to work program, workplace specific policies, smoking, visitors, violence in the workplace and more.
- 3) Hotline Service – Call with your questions, Health and Safety, Labor Issues, WSIB/WCB Questions. We are here for You!
- 4) A Workwell Review – to measure your documented program – this becomes the bench mark for the development for your program.
- 5) A Data Base – to manage your training, see below Training Management Services

flexible solutions for your business needs

TRAINING MANAGEMENT SERVICES

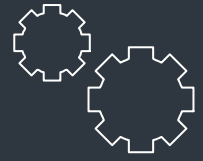

Included in our Unlimited Training Savings Plan Membership is your very own training data base. Manage all of your employees training, courses, when completed, what completed, when are they due to retrain, all available through our web site www.employersfirst.ca. You will be given access with your user ID and your password, you can determine at a glance your training needs. Excellent to track and manage your training needs.

ALL INCLUDED WITH YOUR MEMBERSHIP.

FLEXIBILITY AND CONVENIENCE

We supply the training calendars, you pick which courses your employees would like to participate in, you can train one person at a time or train groups. Added flexibility and convenience makes our program the leading training program in Canada. Plan your training budget with our fixed unlimited training packages, no added costs with our list of live studio training courses.

(Certification courses excluded: First Aid, Propane and Joint Health and Safety Committee Certification Part 1 and 11).

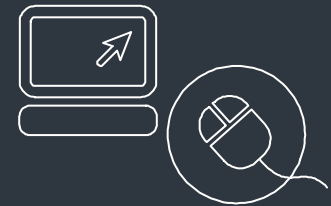

CUSTOM SOLUTIONS

Live Studio Training, your employees are completing their training with a live instructor.. All courses are workplace specific, dealing with your workplace hazards.

BETTER THAN ON-LINE TRAINING!

Employees talk live with the instructor, questions are answered directly with the instructor.

EBUSINESS SOLUTIONS

You will need a computer, high-speed internet, and a telephone with speaker capability for groups or a computer with a microphone and speakers. We will show you how!
